

HAMMER CHISEL

The M18 FUEL STRIKER Hammer Chisel is the world's first cordless hammer chisel, delivering long-barrel pneumatic striking force without the need for a compressor or an air hose in the shop. Powered by a POWERSTATE Brushless Motor, the M18 FUEL STRIKER delivers 7 Joules of striking force, matching the output of leading long-barrel pneumatic competitors operating at 145 PSI. This gives Service Technicians the confidence to tear down suspensions, remove ball joints, and tackle demanding work at full pneumatic speed, without the restriction or hassle of an air hose.
